

Reinout KRAMER

Low-Code Junior

ABOUT ME

Low-code junior/autodidact looking for a professional challenge in software development, working in a team of passionate people. Excels in communication and product ownership and has hands-on experience with the Mendix low-code platform.

Has a no-nonsense attitude, a great drive to learn, and a desire to add value to the team and the result of a product or project. Likes books, trips, music, and cooking.
